7.	Managing Expenses	11
8.	Reports & Year-End	12
9.	Document Management	13
10.	Audit Log & Compliance	15
11.	Profile & System Admin	16

1. Introduction & Initial Setup

Welcome to the Unity Towers HOA Management System Administrator Guide. As an administrator, you have full access to manage units, owners, billing, documents, and all financial operations.

Administrator Capabilities:

- Manage all property units and assignments
- Create and manage owner accounts
- Set up annual allocations and post charges
- Record payments and manage expenses
- Upload and organize documents
- Generate year-end reports
- View complete audit trails

Initial Login:

Default Admin Credentials:

- Email: admin@unitytowers.com
- Password: admin123

■■ Important: Change the default password immediately after first login for security.

2. Dashboard Overview

The Dashboard provides a comprehensive overview of your property association's status.

Key Metrics:

Metric	Description
Total Units	Total number of units in the property
Condos / Shops	Breakdown by unit type
Total Outstanding	Sum of all unpaid balances
Overdue	Number of accounts past due
Reserve Balance	Current reserve fund amount
Total Collected	All-time payment collection
Payments This Year	Current year collections
Expenses This Year	Current year expenditures

3. Unit Management

The Units tab allows you to view and manage all property units.

Viewing Units:

Units are organized by type (Condos and Shops). Each unit card shows:

- Unit identifier (e.g., C1, S1)
- Current balance
- Assigned owner (if any)
- Assignment button

Assigning an Owner to a Unit:

1. Navigate to the Units tab
2. Find the unit you want to assign
3. Tap the 'Assign' button on the unit card
4. Select an owner from the dropdown list
5. Confirm the assignment
6. The owner will now see this unit in their account

■ Tip: Owners must be registered in the system before they can be assigned to units. Create owner accounts first if needed.

4. Owner Management

Owners can self-register through the app, or you can manage them through the system.

Owner Self-Registration:

Owners can create their own accounts by clicking 'Sign Up' on the login screen. They will automatically be assigned the 'owner' role.

Owner Permissions:

- View all units and their information (read-only)
- View billing information and payment history
- View activity logs
- Browse and download documents
- Edit their own profile information

■■ Security: Owners cannot edit financial records, unit assignments, or upload documents. All sensitive operations require admin privileges.

5. Billing & Annual Allocation

The Billing tab is where you manage annual charges and the allocation formula.

Unity Towers Allocation Formula:

The system uses the Kerala HOA formula:

Unit Type	Formula
Condo	W/5 + (0.40 × E/5) + (0.60 × E/8)
Shop	0.60 × E/8

Where W = Total Water charges, E = Total Electricity charges

Creating Annual Allocation:

1. Go to Billing tab → Annual Allocation section
2. Click 'Create New Setup' (if no setup exists)
3. Enter the Year (e.g., 2026)
4. Enter Total Water Charges (W)
5. Enter Total Electricity Charges (E)
6. The system auto-calculates per-unit charges
7. Review the calculated amounts

Approving & Posting Charges:

1. Review the annual setup details
2. Click 'Approve' to lock the setup
3. After approval, click 'Post Charges'
4. Choose single annual charge or monthly split
5. Confirm posting - charges are created for all units
6. Unit balances are automatically updated

■■ Important: Once charges are posted, they cannot be undone. Review carefully before posting.

6. Recording Payments

Record payments received from unit owners to update their account balances.

Recording a Payment:

1. Go to Billing tab → Record Payment section
2. Select the unit from the list
3. Enter the payment amount
4. Select payment method (Cash, Check, Bank Transfer, Online)
5. Add any reference number or notes
6. Click 'Record Payment'
7. The unit's balance is automatically updated

Payment Methods:

- Cash - Physical cash payment
- Check - Bank check payment
- Bank Transfer - Direct bank transfer
- Online - Digital payment platforms

■ All payments are logged in the audit trail with timestamp, amount, and who recorded them.

7. Managing Expenses

Track association expenses and outgoing payments to vendors.

Recording an Expense:

1. Go to Billing tab → Expenses section
2. Click 'Add Expense'
3. Enter description (e.g., 'Elevator Maintenance')
4. Enter amount
5. Select category (Maintenance, Utilities, etc.)
6. Add vendor name if applicable
7. Click 'Save'

Expense Categories:

- Maintenance - Building repairs, cleaning
- Utilities - Common area electricity, water
- Insurance - Property insurance premiums
- Management - Administrative costs
- Reserve - Contributions to reserve fund
- Other - Miscellaneous expenses

8. Reports & Year-End

Generate comprehensive reports for financial review and year-end closing.

Year-End True-Up Report:

This report shows each unit's financial status for the selected year:

- Opening Balance - Balance at start of year
- Total Assessed - Charges posted during year
- Total Paid - Payments received during year
- Net Balance - Current outstanding amount
- Status - DUE or CREDIT

Generating Reports:

1. Go to Reports tab
2. Select the year from the dropdown
3. View the summary cards (Total Outstanding, Total Credits)
4. Review individual unit details
5. Use 'Carry Forward' to move balances to next year

■ Run year-end reports before the fiscal year ends to identify outstanding balances and follow up with owners.

9. Document Management

Organize and store all HOA documents for easy access by administrators and owners.

Default Folder Structure:

- • HOA Legal & Governance - Bylaws, CC&Rs;, rules
- • Financial Records - Budgets, audits, statements
- ■■■ Yearly subfolders (2024, 2025, 2026...)
- • Utility Bills - Water, electricity records
- ■■■ Water, Electricity subfolders
- • Meeting Minutes - Board meeting records
- • Maintenance & Vendor Records - Contracts, invoices
- • HOA Communications - Newsletters, notices
- • Disputes & Violations - Resolution records

Uploading Documents:

1. Navigate to the target folder
2. Click the cloud upload button (top right)
3. Add a description (optional)
4. Click 'Select File'
5. Choose a file from your device
6. File uploads and appears in the list

Creating Folders:

1. Navigate to the parent folder
2. Click the folder icon (top right)
3. Enter folder name and description
4. Click 'Create'

Supported File Types:

PDF, DOC, DOCX, XLS, XLSX, JPG, PNG, CSV, TXT (Max 25MB per file)

10. Audit Log & Compliance

The Activity tab provides a complete audit trail for transparency and compliance.

What's Tracked:

- All payment recordings (amount, unit, who recorded)
- Charge postings and adjustments
- Unit owner assignments
- Document uploads and deletions
- Profile updates
- Login/logout events
- All changes include old and new values

Using Filters:

Filter the audit log by date range to find specific activities. This is useful for:

- Monthly financial reviews
- Investigating discrepancies
- Preparing for audits
- Tracking specific user activities

■■ Audit logs cannot be deleted or modified. This ensures data integrity and compliance.

11. Profile & System Administration

Managing Your Profile:

1. Go to Profile tab
2. Tap 'Edit Profile'
3. Update name, phone, or email
4. Save changes

Security Best Practices:

- Change default passwords immediately
- Use strong, unique passwords
- Log out when not using the system
- Regularly review the audit log
- Keep owner contact information updated

Regular Maintenance Tasks:

- Monthly: Review outstanding balances, follow up on overdue accounts
- Quarterly: Review expense reports, update reserve calculations
- Annually: Run year-end reports, carry forward balances, archive documents
- As needed: Update owner information, post charges, record payments

Thank you for using Unity Towers HOA Management System!
